Fiscal Analysis

ASSUMPTIONS:

1. Under current law, alcoholic beverages can be sold or consumed on the premises where nudity is allowed. Under this proposal, a person who commits the offense of nudity on a premise licensed to sell alcoholic beverages, as provided in section 2 of this bill, shall be fined at least \$500 or imprisoned in the county jail for a maximum of 6 months.
2. Under this proposal, collections from the beer tax and the wine tax and liquor sales may decrease revenue to the state general fund and the state special revenue account administered by the Department of Public Health and Human Services. These impacts are unknown, but believed to be very small.

LONG-RANGE IMPACTS:

The long-range impacts will be minimal to the state general fund and to the state special revenue account administered by the Department of Public Health and Human Services.
